7. (Unclassified - CM) LIAISON Jerry Campbell, in the office of Representative J. Herbert Burke (R., Fla.), called to say that he is doing an overt study for the Congressman on the strategic impact for the U. S. of giving up the Guantanamo Naval Base in Cuba: Naval consequences, defense of shipping lanes, Panama Canal implications, etc.; what were CIA's views? He said he had been in touch with the Navy and Congressional Research Service. I said I doubted that we had done anything overt, if we had done anything at all, but would check.

9. (Unclassified - CM) CONSTITUENT Christine Madsen, of the staff of Representative Abner Mikva (D., Ill.), called apropos a constituent inquiry about a Jack Anderson column which appeared in the Chicago Daily News on 24 May and concerned the sale of a computer--SIBER 76--by Control Data Corporation to the Soviets; did CIA warn that the Soviet buyer was an intelligence representative? I said I doubted there could be any overt CIA comment on that point, but suggested she check with the Department of Commerce or State to get the public justification for the sale, then call back if that was not adequate for her purposes. She said she would.
